What our graduates say about the CertTEYL E-Learning course:

It was a great learning experience. Though I have been teaching for the last 15 years I learned a lot of new and innovative ideas. Can't wait to use them in the classroom. Thanks.

This course is very useful not only for people beginning their teaching careers but also for practicing teachers. It provides you with excellent and innovative strategies that can be used in different classroom situations.

Sadaf Karim - Pakistani EFL Teacher in Bahrain.
